Sunday morning, while ringing doorbells, he was bitten by a Kerry blue terrier which took a chunk out of his left leg.

A bit shaken, Wornum went out again in the after noon and was at Cascade drive and Throckmorton avenue when he met a goose. He said, "I thought it was a bit strange to meet a goose in Mill Valley but I continued up the drive."

The goose hissed, Wornum said, then bit him on the left

"I backed down the driveway, trying to calm the goose by shaking my campaign pamphlets at it," Wornum said. "I made my escape without further injuries."

It was delivered by the Soviet information chief at the United Nations, Nicolai I. Borouv.

Last December the student vearbook editors at Bronx Junior High School 142 got up a list of famous men whose greetings on the theme "reverence for life" they wanted to print.

OTHERS ON LIST

Besides Khrushchev, the names included President Eisenhower, British Prime Minister Harold Macmillan, Prime Minister Nehru of India, Israeli Premier Ben-Gurion, New York Gov. Nelson A. Rockefeller and Dr. Afbert Schweitzer.

Gail drew Khrushchev's name, spent three days composing her request and figured she'd be the last to get a reply if she got one at all.

So far, Khrushchev is the only one to reply in person.

#### MEDAL, STAMP HONOR PONY EXPRESS

Designs selected for a commemorative stamp and medal honoring the 100th anniversary of the Pony Express were released today by Waddell F. Smith of San Rafael, president of the National Pony Express Centennial Assn. President Eisenhower last Friday signed a resolution authorizing the U.S. Mint to strike up to 500,000 of the medals on order of the centennial association. The designs for it are by Julian A. Links, San Francisco artist. The stamp, to have first day sale July 19 at Sacramento, was produced by the Post Office Department.

# **Brown Names** To District Farm Board

I-J Special Report

SACRAMENTO - Gov. Edmund G. Brown today appointed I. A. (Izzy) Barlas, Petaluma poultryman and prominent Democrat, to a newly created ninth position on the board of directors of the 4th District Agricultural Assn.

The association operates the Marin-Sonoma District Fair in

Two Marin members of the board were re-appointed for four-year terms. They are Alfred J. Bianchi, Pt. Reyes dairyman, who has served on the board since 1938, and William A. Gnoss, Novato poultryman and county supervisor, who served since 1934.

Barlas, who was appointed to a term expiring Feb. 15, 1962, is owner of Barlas Feed Co. and president of the Allied Poultry Industries Council.

Wayne C. Edmister, physicist and former resident of Sleepy Hollow for six years who discovered polyethylene plastics, has received an international award from the American Chemical Society's Petroleum Research fund. GRACIOUS LIVING ON TIBURON HILL - This design for 34-unit Red Hill apartment development for Tiburon Apartments, Inc., won praise of county planning commission and Tiburon Peninsula Coordinating Council's land use committee yesterday. The development would be on six terraced levels to preserve the terrain. The units would be arranged around a central swimming pool, with detached garages. The 10 three-bedroom units would each have a portion of the attic openend as a sundeck or roof garden. Campbell and Wong of San Francisco are architects.

# Apartments In San Rafael Win Approval

A 14-unit apartment building worth \$200,000 will go up at the northeast corner of First and Hayes streets in San Rafael by August.

A. W. Mason, former owner of Tamalpais Market, has turn ed the store over to his sons and will go into the apartment business. The apartment, known as "Mason Manor," will have two bedrooms in each unit, electric kitchens, individual decks, and a heated pool with patio and landscaping in the courtyard.

PARKING

The two-story frame and stuc co structure will have 15 parking spaces beneath the building. Rental is expected to be about \$135 to \$165.

One reason is that rainy weather early in the training program deprived many rookies of a real chance to strut their stuff and another is that veterans already are tuning up to make fast starts in the pennant races.

#### METER TIMES BOXING KNOCKDOWNS

Independent-Journal Sports Editor Jim Gilmartin (left) checks accuracy of a new knockout meter invented by Charles Reed of Mill Valley, who played the role of a decked fighter by sitting for the knockout. The numbered panels above are placed on two sides of the ring and the instant a fighter hits the deck an official presses a button that starts the electric 10-second count. "This timer eliminates any chance of human error

in counting knockouts," explained Reed as he visited the I-J office recently. A light flashes behind each number as the count progresses and a loud horn and flashing red light are touched off when the count reaches 10. Reed submitted his invention to the California Athletic Commission for official approval over the weekend. The commission tabled action on the matter, pending further study.

#### Rigney's On The Spot With Best Pitching Staff He's Ever Had

The BULLPEN

There are two ways of sizing up the Giants of 1960.

You take 'em as potential pennant winners, or you take 'em as just another entry in the chase.

If you take the first you must determine how durable they can be in the face of a hand to hand struggle.

When you take the second you must figure they are not flag contenders, a preliminary outfit, somewhat like the prelims on a fight card . . .!

Manager Bill Rigney enters this picture in a very definite down came. manner. If he can develop a rotating order that can keep his boys in shape, the staff doesn't pose any great problem. By being careful in his replacements and in his eagerness to win "today's ball game today," Rig can avert a lot of grief. But if he keeps yanking and jerking first stringers out of the game before they've had a fair shake at the task, he loses their confidence and he earns a lot of headaches.

A MANAGER'S greatest asset is his ability to get along with his players.

Rigney has that attribute. But sometimes his eagerness overpowers his better judgment and he finds himself in a ticklish spot.

# "MADE MY HAIR GROW AGAIN"

IT HAPPENS every day now. A young man realizes that he's losing more hair than he should. A middle-aged woman discovers that the softness of her hair is caused by its thinning away. Young women who have "tried everything" decide that what they need is professional attention. And middle-aged men see the first signs of the baldness they dread and wonder what is to be done.

#### NOWADAYS QUITE A LOT CAN BE DONE Much more than most people think. Nowadays success

comes to many people who, not long ago, would have been told that their cases were hopeless.

JUST AS TEETH are destroyed by our "soft" civilized diet, it is conceivable that our hair suffers from our "soft" civilized way of living. Physical inaction, lack of fresh air, inadequate hair and hygiene habits, and nervous stress of modern living may all reflect unfavorably on man's hair growth. From their years of experience in successfully treating hair and scalp disorders, the specialists of the Turoff System have proven that modern man can avoid baldness by counteracting the effects of "soft" civilized living with a "hard" vigorous system of scalp hygiene.

THE UNUSUAL SUCCESS of the Turoff

System in administering close to a million treatments supports this theory strongly. The inescapable truth is . . . premature thinning of the hair, or actual baldness, is inevitable for many men and women ... UNLESS CORRECT SCALP HYGIENE IS BEGUN EARLY.

NO ONE is better acquainted

#### PREMATURE BALDNESS

No two cases are exactly alike - but the contributing factors are much the same. Diagram A shows hair growing in its follicle (pore in the skin). Diagram B shows waste starting to collect because of neglect. This process continues to "choke" the hair, inhibiting its growth (Diagram C) until, eventually, the follicle is no longer capable of reproducing new hair to replace the old.

#### GROWTH CYCLE Every 4-5 years, every hair

is replaced by a new hair. If the hair is weak and colorless, at this point, it may denote approaching baldness although the hair root is still alive. Turoff's exclusive treatment can promote the growth of hair at this crucial point.

#### Prove this scientific thoroughness for yourself.

There's a delightfully warm "Spring Sunshine" radiating a tthe popular Fashion Focus luncheon at Rickey's next Tuesday in a fashionable salute to Guide Dogs for the Blind, Inc., and the many dedicated volunteer workers who are striving to meet their goal during this campaign month

The remarkable Guide Dogs are truly "spring sunshine" all year round to more than 800 persons who now lead useful, productive lives because of Guide Dogs for the Blind, Inc. and its extraordinary program.

The magnificent part of the Guide Dog Story that will be spotlighted on Tuesday at the fashion luncheon is the fact that although it costs slightly over two hundred thousand dollars a year to maintain and operate Guide Dogs for the Blind, Inc., they have never had a professional fund raiser. Instead the campaigning is done by volunteers, aided by Board members and the regular staff at Guide

Warming a spring wardrobe with special fashion sunshine will be the sparkling collection of a Kentfield country store with the impeccable Davidow suits, classic cashmeres, silk shirtmakers and town and country favorites brightly accessorized with Roger Van S. bags, Liberty scarves and handsome jewelry.

Coiffures to lead the lovely life in Marin will be created for the bevy of attractive Guide Dog for The Blind volunteers by a San Rafael coiffure studio.

One of the familiar Guide Dogs adding their own special "Spring sunshine" will open the fashion promenade as it begins at 12:30. Reservations may be made by calling Rickey's.

# Marin City Is Reborn, Once Again Begins Growth

Last Saturday Marin City was reborn. The first eight buildings, 40 apartments, of the new, permanent low-cost

rental units were turned over to the Marin Housing Authority by the contractor.

Names of the first 40 families to occupy these apartments already have been selected and they will start moving into their new homes within the next two weeks

At regular intervals thereafter, other buildings are to be completed and more families moved from their quarters in in the tottering, disintegrating "temporary" structures which have made up Marin City for nearly 20 years.

When the project is completed, hopefully by the end of the year, about 1,000 persons will be housed in the 300 apartments of 28 different buildings.

Total cost will be about 41/3 million dollars, all provided by bonds which will be paid off over 40 years from rents. Rents vary from \$35 to \$84 per month, including utilities, determined by the family's ability to pay

The two-bedroom apartments are housed in the eight concrete, multistoried buildings which dominate the development as seen from Highway 101. There are a total of 168 of these apart-

There also are 104 three-bedroom apartments, and eight with four bed-

These rental units will occupy only 32 acres of the huge Marin City area, just the southern portion. The rest is to be reconstructed by the Marin Redevelopment Agency, into privately owned, low cost housing and the necessary public buildings, such as schools and churches.

The rebirth of Marin City Saturday follows a seven-year gestation period during which it appeared on numerous occasions that the baby would be lost. As with all children, there are still trying times ahead, years of growth and development before the child becomes an adult and finally breaks from its parental control.

Our fervent wish is that it will grow into the strong, healthy adult of its parents' fondest dreams, carrying out its potential as a real home for many who otherwise might not have such a home.

#### Corte Madera Police Do Big Job For Ward's With A Small Staff

An official from Montgomery Ward and Co's. district office in Oakland made a request of Corte Madera Police Chief Frank Nelson before the big new Ward store opened last week at Corte Madera Shopping Center.

"Say Chief," he said, "I'd greatly appreciate it if you'd detail about eight of your men to handle traffic when we have our grand opening." Nelson laughed.

"I got news for you," he replied. "We've got four officers here including myself! But we'll try to do our best."

DEFLATIONARY NOTE: The Corte Madera Town Council recently authorized town manager Art Brandow to sell remaining copies of the town general plan for 75 cents each. Previous price: \$1.50.

Brandow had requested the price cut, expressing hope that the general plan, a guide for Corte Madera's orderly growth and development, would thereby get wider cir-

The Noah family last year sent Christmas cards announc. ing they were "giving for our friends and for ourselves" to the hospital's new cardio-pulmonary fund instead of sending ornate, expensive cards.

Not long ago they were surprised (and deeply touched) to receive a five-dollar contribution to the fund from Frank A. Bucci, former long-time Belvedere shoemaker who lives in retirement in Glendale.

His check, written with an obviously shaky hand, was evidence, said Kay, "that he still has Marin's welfare at heart."

### It's Now Clear Who Is Blocking Exchange of Newsmen-Red China

WASHINGTON-After two one application for a U.S. visa and a half years of fruitless so that we could permit them negotiations between the U.S. and Red China to bring about an exchange of working newsmen, the evidence is conclusive that the Chinese Communists want to continue to talk about it-and seem determined to prevent it.

Each side says that it favors reciprocal reporting privileg-

Each side blames the other for the fact that nothing hap-

From a study of all the official statements made since the talks began in August, 1957, it seems clear to me that the Chinese Communists do not want to exchange reporters with the United States, but do not want to admit that they don't.

HERE ARE the reasons why this conclusion now is inescapable:

1. From the beginning of the negotiations the United States has offered to Red China exactly the same rights and facilities for accreditation as the U.S. offers to every other country. This equal treatment Red China refuses to accept

2. Red China demands something different. It demands on advance agreement that a precisely specified number of correspondents be guaranteed. Such an advance agreement would mean that by limiting its applications, Red China could require us to admit any individual it chose to nominate or else force us into violation of the agreement.

3. THE STATE Department has validated passports to Red China for the representatives of 30 American newsgathering organizations. Red China has granted but one visa, this to John Strohm, an agricultural expert who wrote for the Newspaper Enterprise Assn. Though claiming we prevent their correspondents from entering the U.S., Red China has never made even

to do so.

4. Even if Peiping wouldn't undertake a larger exchange of correspondents with us, the "New York Herald Tribune" recently suggested a one-forone exchange. The Red Chi-

nese didn't say no. They just didn't say anything. It was to this end that the president and editor of the 'New York Herald Tribune" sent on Dec. 22 last a letter

to Chou En-Lai, Minister of Foreign Affairs of the Chinese Peoples Republic, making the following proposal:

"ONE OF OUR most experienced staff correspondents, who has served this newspaper for years, Mr. A. T. Steele, has applied for a Chinese visa. I am taking the liberty of asking if you would give this your personal consideration. . . "What I am suggesting, in

good spirit and in good faith. is that one good way to begin is to take a modest and practical first step. "I would like to see any

Chinese newspaper and the New York Herald Tribune" join in making such a beginning, which could well grow into large reciprocal reporting privileges. For this purpose I hope you will authorize a visa for Mr. Steele and I feel sure I am correct in saying that an application for a U.S. visa for a Chinese correspondent will be welcomed in Washington.'

> (Signed) Robert M. White II

TWO DAYS after this letter was cabled to the Embassy of the Chinese Peoples Republic in London, the "Herald Tribune" received a cable from Yeh Shou-Tseng, Third Secretary of the Embassy, stating that the letter had been received and transmitted to Peiping.

Result: Total silence: no visa for Mr. Steele; no visa request from any Chinese Communist correspondent.

DAILY CRYPTOQUOTE - Here's how to work it: AXYDLBAAXR is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Eddie Adams' farm is surrounded by the Knob Noster game refuge. Because of the reavy snow, the deer have been raiding two corncribs in the farmyard.

Adams' television screen can be seen through a window of the house and it fascinates the deer.

Frost says the deer pull ears of corn from the cribs, go over to the window and stare at the TV while eating.

# Mill Valley Council Race Sees 6-Way Contest For 3 Seats

Two of three Mill Valley City Council candidates whose terms expire next month decided against seeking re-election; but in spite of this, there is a sixway race for the three posts at stake in the April 12 election.

Besides that, a contest has developed for city treasurer.

Planning problems for Mill Valley's future seem to be uppermost in the minds of several of the council candidates, with development of the marshlands the principal single issue.

The six city council candidates are:

George W. Blackwell, incumbent vice mayor; Thorpe J. De-Lasaux Jr., J. Ralph Martindale, George D. Monardo, William M. Secor and Michael Wornum.

Contending for treasurer are Marie Mize and William G. Rutherford.

Here are the candidates:

GEORGE W. BLACKWELL, 49, a reinsurance broker operating his business from his home at 2 Fern Canyon road, was elected to the city council four years ago.

Development of the city-owned marshlands with commercial establishments "not in competition with our local merchants" was one of his campaign proposals then. He was also looking four years ago at location of a rapid transit station in Mill Valley, which is an immediate issue this year.

Blackwell is a strong backer of city manager government. He has been interested in flood control projects and in the Mill Valley small craft harbor project which seems on the road to realization.

As an incumbent, he is run-

ning on his record. Blackwell was born in Grindleford, England, and educated at Cheltenham College in England and Bonn-am-Rhein, Germany. He served in World War II as a captain in the Royal Engineers and came to the United States during his British army service. He remained in this country after the war, marrying Barbara Northwood of Winnipeg, Canada, in San Francisco in 1947. He was associated with a San Francisco in surance firm before setting up his own business in Mill Valley

in 1953. He has been active in the Marin County Humane Society, of

DeLasaux Jr., 33, is a rate analyist in the traffic depart ment of Standard Oil Co. of California in San Francisco.

The family moved to Mill Valley when young Thorpe was 6 years old. He has been a Marin resident ever since, except for a brief stint in the Navy and two and one-half years in the Pacific Northwest for Standard Oil. Most of his residence has been in Mill Valley, although he lived for a time in San Anselmo. He is a graduate of Tamalpais High School and College of Marin.

He was a radioman in the Navy during the closing year of World War II.

DeLasaux and his wife, Muriel, reside at 163 Kipling avenue with their three daughters: Joan, 8; Nancy 6, and

# **Giant corkscrews** help speed new phone lines into service

It often used to take a phone crew a full day to put up five or six telephone poles. But today, with the help of huge power augers, a crew can easily dig holes and set 15 poles in a day. This is an example of the tools we develop to do the job better and faster. For saving time on the job helps us give you the most value for your telephone dollar.
